The City Manager submitted the following report on the drainage in Mr. Schieffer's property. (Brought before the Council on June 5, and June 12th)

"This is to advise that the waste waters from the filling station located at Wilshire and Airport Boulevards have been diverted from the storm sewer drain which Mr. Perry Jones stated was emptying onto Mr. Schieffer's property. Leaching trenches have been provided on the City property to take care of this water in that it will thus be absorbed in the ground. The only waters that will now pass through the storm sewer system onto Mr. Schieffer's property will be that caused by rains."

Councilman Long submitted the following complaints:

1. In Tarrytown, water is draining down from the Community Center, in the vicinity of Stanford Lane, and the condition was not sanitary.
2. In the vicinity of 400 E. 18th Street, water from the drug stores and other stores in that area are draining down Waller Creek.
3. The houses belonging to the City on 19th by the Safeway Stores are vacant and people are going in and using the bathrooms.
4. The resident at 902 Ethel Street reported high weeds, and had called this to the attention of the Health Department, but nothing had been done about it.
5. Petition for water in the Govalle Area on Deloney Street, Perez, Comito, and others. Mr. Albert Davis explained the situation in this area, and stated this work was scheduled within four to six weeks, and it would then be up to the individuals to run the pipe down the street after the City ran it the first 100 feet.
6. The inability to contact Mr. Dan Brown, Administrator of the Hospital. Councilman Long stated he had an unpublished telephone number, and she was unable to call him. It was her thought Department Heads should have listed phones. The City Manager stated this was an administrative matter, and he would take care of the situation.
7. Drainage complaint at 3306 Jefferson, by J. D. Rice. Water stands in the street after hard rains. The Director of Public Works stated this work was on schedule to be done.
8. Johnson grass growing in West Park Drive in Highland Village.
9. In the 1000 Block of E. 13th and E. 14th, water is draining and causing considerable washing of private property.
10. Complaint from a colored employee that if he took off June 19th, he would be required to work on July 4, and he would like to celebrate July 4th. The City Manager explained the manner that this was being handled,
